BANGOR WHIG.

to yesterday morning, the Locas as if by cert, throughout the State, lave been givst a little dumb founded at such a clatter rate about their ears, and a few faint hearts whis red about, "Will not this blow up the party

terests of the country but will be most favorle in its influence us in the porty

It was ready amusing to witness with what withe news of the Veto was hailed and with hat avidity the Locos grasped every rumor

Let us see how we stand. What did we pro uestion apon which the late Presidential elecion turned, was the Sub-Treusury, that bill of Sominations, which so stunk in the nostrils of very real th mostact Another was the purging offices of corrupt and incompetent partizen incumbenia another was introduction of a sysem of financial policy of making the revenues of the Government adequate to defraying the edinary expenses and the payment of the na gonal debt created by the late administration inother favorite measure of the Whigs was the listribution among the several States of the proseeds of the public lands Another which was not so siricily a measure among the people, but the cause of hum inity, though opposed by the Locos in Congress almost to a man, was the es ablishment of an uniform system of Bankrupty Another was the creation of an institution is regulate the currency and exchanges of the _ _

In all these great objects the Whige have the Diearty co operation of our Ch ef Magistrate He has been busy at work in removing from of fice, men who were unworthy to fill places of arest and emolument, and who by their reckiess and insolent bearing, and by prostituting office to party purposes, had become obnoxious to the People The Toriff has been remoddled and abused, and therefore liable to be abused again sufficient revenue will nowibe realized to meet rupt Bill has most gloriously passed both houses The Lat us en leavor to look calmly at a few of them all the exigencies of Government The Bankof Congress, and has now become a law The might disappoint expectation The provision restrictsome may undoubtedly be said of the bill to ling the I identical seven percent and prohibiting for the distribution of the public lands, which is the organ stockholders, might render the whole thing abor thing in which any difference of opinion exists efficient of Agerit we shall have for the which, with its head quarters at Washington, and its regulation of the currency Congress at its heavy capital is extremely doubtful. It will be seen present session has just paged a bill for the cre- that the President objects to a Bank of discoulat, which, ation of a Bank which does not meet the approbation of the President. He is not opposed which the late United States Bank han, he reasons was to a Rank hat the Resident. to a Bank, but the Bank Advices from Wash very mischievone and usolone, while its power to deal in ingron assure us, that the framing of such an Exchanges was sminently useful institution to will meet the approval of the From this we are plainly enough lad to infer that the President is me in progress, and which without President would approve a Bank Bill dealing in ex dophe uiff benohme bem the present nemmen.

at hive Dollars a year, payable half yearly es and expectations entertained of the new adpand in all wance, and all willistoria scientia ministration have been signally reclized. We hill, and an inference may naturally be drawn that it Input t by the amount due congratulate the country and the party upon would approve a Bank with no power to establish the (avorable posture of affairs. We are glad. Branches but by the assent of the States, and an power proving the above complaints. As there are im-The large will find the first of the favorable posture of affairs. We are glad to make discounts, would find favor with the Executive that are frequently sold for to make discounts, would find favor with the Executive that are frequently sold for the flux of the favorable posture of affairs. We are glad to make discounts, would find favor with the Executive that are frequently sold for the flux of the favorable posture of affairs. We are glad to make discounts, would find favor with the Executive that are frequently sold for the country to make discounts, would find favor with the Executive that are frequently sold for The course of Congress we are satisfied will be country that and deliberate. The country has soffered much are the sold of the value of this value of the state of the state of the States, and no power mounts the above compliants. As there are important on the make discounts, would find favor with the Executive tations in the maket that are frequently sold for the make discounts, would find favor with the Executive tations in the maket that are frequently sold for the make discounts, would find favor with the Executive tations in the maket that are frequently sold for the make discounts, would find favor with the Executive tations in the maket that are frequently sold for the make discounts, would find favor with the Executive tations in the maket that are frequently sold for the make discounts, would find favor with the Executive tations in the maket that are frequently sold for the maket that are f their support of Pyler as auspicious of bet the country for the sentence to some and the observe the stemp, and receive no other Price ter times We hope now to see the hatchet wing His chirection to the veto powe, ought not to burned, and a season of respite from the strike ery with stones. We nigo upon our Live a nevry and broils for one of quiet and repose, such where to keep their runks close, and to atmit of notice leave As chacterized the Democratic administrations vision, ever temembering, that there is no evil so great

We have said that he are more favorable to

which preceded them

Mr Tyler, than the one he has just vetoed The objectionable feature in the bill creating this Bank-was, that-it was designed to be one of local discount and deposite, and calculated to transact banking business in the same manner and upon the same principles that banking business in this city is conducted, to discount the notes and bills of merchants and business men payable on time and not drawn to meet the scattered for es of the locoloco paity in de f ready funds, with the power of establishing ance of the tremendous condemnation of the branches in the several States There are un doubtedly objections to such a Bank as this, in men and precisely the same messures are reconsequence of the power such privileges commended anew would give it Another great objection to cleared from office devote themselves as a regu such a Bank is the great difference of opinion lituar their only business to live by the spoils that prevails as to its expediency and conste of a political victory. Their measures have We have the Veto, and for a few days past ble, and the strong opposition it would meet condemned by the soviety over the and the strong opposition it would meet commindent people still in niter discernant of with A Bank of Exchange, such as Mr Ty- the democratic idea, which listens to and resler would sanction would not be obnoxious to perifully obeys the will of the people, they are themselves up to the most extravagant using any such objections, but would probably meet defeat it. They unblushingly adhere to, and strations of jov, and flags, bells, guns, singthe approbation of the whole community. In attempt to defend their old measures, disastrous and carousing, were all called in aid to the North we need no National Bank for local as they have proved, and condemned as they have nifest their satisfaction. The Whigs were at discounts. Our banking institutions furnish us been, and yet ask to be supported by the intelliwith a perfectly safe and convenient currency gent freemen of the United States ' In order to pinces which do not now already possess a to any necessity or event that could occur good one, while it could be made the safe re pository of the public monies, and disburse and of gossip of division and distantion in the Whig to the other. Such a Bank is all we want at eam that the Wing party was completely cx and healthy condition. We have no striples nord—that the President and the Cabinet had about Congress creating such a Bank as they narrolled and the latter were to resign Con have just pussed, but as we have just said were to bunk up to confuse o, and here there exists at the North no necessity for a one who were in were to remain in and as eye upon one calculated to affect all the good rmer administration "there wis to of the propoled one, and hable to none of its resident as if by magic nad been transferred Tyler, carry the whole to the support of his tion to the great number of which i conflicting parties into one. We hall the Ven-esent administration

approbation at the South The legislature of cy Every one knows what a rotten condition it is in They look upon the General Givernment by do ng so might undoubtedly confer upon them the advantages which flow from a sound currency. But this would relieve them labor If they desire the prosperity of the north, let them imitate the idustry and economy of the north But a bank such as we shall have will do much for them, and will undoubtedly be the neans of placing the currency_upon a sound

THE VETO

The vastness of the voto joyer was perhaps never more visible than at the present - inc huge proportions and the great lumbs of this power, when clearly reveal ed, are well cal ulated as anish and aimust to over awe because un Lnou that in times past it has been

MANY WHIGH

In the present instance there are several reflections that make the present veto just tolerable, if not palate The bill sent to the President, for all usoful purposes, tive It unght to be sure nave quieted the public mind

changes, but not a Bill having the power to discount -Opht wife heaphars ben the present sequences Our supposed has erethis not the number of the present of the number of the present of the number of the number

The President abjects to the compromic sten in the

of Madison and Mentne, after the stormy times as the surrender of the country to the wild spirit of Le to all personal feelings. They are under the highest " eral obligation to carry on the Government success factured for him 22854 lbs showing an increase to such a Bank as would meet the approbation of fully and firmly through four years at any rate. We are not without hope yet, that the thousand subjects in which the whiles agree with the President may feath in much good, and that even on this one point there will yet be a unity of continuent, since it is generally agree ! that a better bill for a Bank, frag from objections, can now be framed

STRUGGLE OF THE LOCOFOCOLFAD ERS A strong attempt a making to arouse anew American People as capressed by their deliber ate voice at the billot boxes in 1840. The same Those-who bave been far business to the cause of the party as though beed forced upon the country, been tried and themselves up to the most extravagant dem any such objections, but would probably meet determined to resist that will, by a new effort to with a perfectly safe and convenient currency get their measures into favor no opportunity is For children laboring under Inflammation of the Ail we went of a Ritional Bank is for the sind necessity of this observing secrecy in this Lungs Colds Coughs, Croup, Quinsy, and Sore purpose of exchange Such a Bonk would business is obvious. It was to keep the trea, receive for collecting drafts and checks for passers in entire ignorance of all its movements number of deaths among children from these diseashe feel satisfied that the course of our Chief triends at a distance, and pay out for them have not only the best in itself in the the their own bills. These hills would go for to reculive is not only the best in itself her the their own bills. These bills would go far to this expedition, recommended employing a force ward furnishing a circulating medium in those of 50 inen, this force was undoubtedly adequate The Provincial authorities, though they might wink at the trespassing, would afford the one thousand families employed this remedy in the city of New York The consequence was it at the Trespassers no assistance or protection. Noth transmit them from one section of the country ing was to be hoped for by their from this number of deaths among children was reduced to source. What then could they expect from a resistance of the civil authorities of Maine? phs and for a brief h ur they revelled in the the North where the currency is in a sound Nothing. The wilds of Maine afforded no asy lumin dead of winter-to these depications They could find neither protection nor means of substatence. The lumber too, which they had cut was so bulky a material as to render it time possible to carry it off, and months must have to be an end of Whig schemes and Whig Bank with such extensive powers, and we elapsed before it could be driven down the Reservation were to remain in and as execution one calculated to affect all the good. sistance be made. Fifty men would have met no more hanging for steating. The Tyler objections. Such a Bank would secure the with no more resistance than the 150 (of which by flusted proudly over the Luco head quar approbation of the whole country, and would the force was composed according to Mr. Jan gra) or the 200 (according to Gov Fairfield) this city, and it seemed that the Whig with the other popular measures of President encountered, which was none at all. In additionally b, and constituted the leader of the Locofoco administration and for a time unite all the posed, it had all the appearance of a military in its character, and should have assumed to of President Tyler not only as calculated strictly that appearance Instead of this our lose to do, and what have we done The great to promote the best good of the country, but crizens will recollect the bustle and flourish to place on a firm and immovable basis the made by this force when t left Bangor. The brass six pounder, with which it encumbered its march, was to strike terror into the hearts of The north will be well satisfied with Mr. 1y- opposers Mr. McIntire in his report states that ler's course - it will not probably meet so much the object of the expedition had been entirely misapprehended -it had all the appearance of an army, and every one can easily conceive how the Southern States are capable of creating much rumor would exaggrate the facts of the such icoal banks as will furnish a sound curren case. This manner of conducting the civil розне was entirely at varience with the dosign ishing effects we have seen it have upin our pa of those who projected it. No wonder that the trents it is our decided and unanimous opinion of those who projected it. No wonder that the Brittish took it as a detachment of the Maine ment as the only hope, they wish this power to militia. If the civil posse had gone to the dis furnish them with a local currency Govern puted territory in Alie manner which they should have done It would have led to no rup. ture with the Brilish authorities. All the objects of the expedition could have been effected π force of \$0 mon at the experse of the \$10 000 of but for of the difficulties under which they hast appropriated, except the expense of con imuing a force for the protection of the public lands after the trespassing had been put an end to Janot this so? Lask every man to take all things into consideration, and judge for him self whether all that was affected by the civil posse as far as putting a stop to trespassing was concerned, would not have been affected by the number of men recommended by Mr Hamlin, and at the expense of the amount appropriated by the first resolve, to wit the \$10,000 is there the least probability that any resistance would liave been Mesed by the troopsears ? Why was none offered? If it is said, because the torce was so large, why then send an additional one? It the expedition had been one of a pa cific character, as it was designed to be, would the British have taken umbrage at it? To be sure it any thing had been gained by these expe ditions to establishing our rights to the territary the amount expended would not be worthy a moments consideration. It might be considered

of the greatest number in the greatest degree We do not discourse with you, or any of your prayers the same of ots the same libert es the same Country. We are one really one All true and honest men, and such see the mary by whatever name they are known, are tor essentially the same thing have one destination. One Micca is the end of their common toutly regard the Constitution under which they ive, as their richest innermance, to their free Government they are unalterably fixed to their republican institutions devotedly attached

Their great principle is the lave of liberty proand impeding the progress of individuals and secrety, which tend to preserve the artificial condition of things prepared by the powerful; and the strong for their good and not ours, and unnatural ascendency at the expense of the to insure to industry its full and just reward, for life a great ends, that men shall be esteemed. and regarded sa They are men and not as they ride in coach and four or walk on foot, five in princely mansions or dwell in lowly tottages And our neonle are anxious for the preserva tions of their forms of Government not for their own sakes only, but for the sake of others, that its example may be a light for the great eman. cipation henceforward, unrolling for the na-

The Whigs believe that the interests of the people of the United States will be best promoted by the adoption of those measures which, as a party, they have approved and recommended,

that the operation of such measures will be most conducive to the general good, and the advancement of those catholic objects which all good men have in wew We have established a Government for our

selves for our benefit, and from it we expect certain practical results. We believe that the general welfare requires the strengthening arm of all to be exerted for each, that certain things which should not be left undone cannot beldone by men individually and can be accomplished only by the Government. We believe that a sound and uniform currency is essential to the prosperity and advancement of the Country that the active spirit of intelligence en terprise and progress, everywhere and among all people, is aided by whatever aids and encour ages commerce and traffic that the spirit of liberty and the spirit of trade are inseperable that the Government by affording facilities to business and enterprise does much to improve the condition of the people aids the division and diffusion of wealth, enlarges the field of la bor and improvement, increases the means and

A THE RIVE TO COLD A carrency, would be rusnous in 🖋 consequences it cranot be necessary to argust at this time, a speedy and happy accomply liment? question which has recently been so fully discussed, which has in truth been exhausted, and on which this people have maturely, and we think, correctly decided. Having alluded to this disensing and decision, we will have the question with the remark, that the decision, unequivocal and overwhelming as it was, was made_not without something besides mere die cussion. The attempt of the late administra-The volume of the variable person to be supported as send date to represent surd Class in the next Legislature of a similar experiment by making a timely research to the person to be supported as candidate to represent surd Class in the next Legislature. tion to approach a metalic currency afforded treat. Duncan McWheeble would learn his

had got her down to that allowance the poor

Thing gied To afford a uniform currency from Houlton to Fort Leavensworth, that the Government The White in the Representative District composed of soldiers may be paid at either place, without to towns of Milford, Greenbush, Passadumkeag, Enhald, heavy discount or expense of exchange, that heavy discount or expense of exchange, that the immense business transactions of this vast country may be carried on without ruinous haz | emphatically to the interests of the laboring of Exchanges, which without such an institution are inevitable, instead of being paid to brokers and money changers may be saved by business men, and ultimately received by the 1. The Address to the Electors of Penobscot laborer whose wages will be to the same extent increased; that there may be a salutary check upon the issues of local institutions, that the honor and credit of the country may be redeem ed, that some place may be had for the safe keeping of the public treasure, and some proof Mr Spear, the accomplished Clerk of the vision made for its transmission from place to Steamboat Pangor, for papers much in advance plac and its disbursement from time to time, without loss or expense-to the mathematiche Whigs will propose and yet carry through Congress a hill to establish a suitable agent which will be free from the defects and errors of all preceding ones President Tyler will approve the charter of such an agent, and thus furnish the people that aid in the currency which they need. And who to there what honest man of any party, free from prejudice, that will dare to say, 'it is not well? Who would not have Who is there that does not rejoice, in secret if not openly, at the result? How ma ny of the supporters of Mr Van Buren are ready to exclaim 'we are heartily glad of it we should not have had it without a change in the administration, happy change, that has brought it about. would, if he could, undo it all, and give the country the experience and the hopes of 39 for those of '41 2,

Connected with this measure, is the quesbon of the repeal of the Sub-Trensury, that auamustration staked its existence, and died

the 10th mat we address you on matters of and to establish two clauses, the land holder public concernment. We address you as high and santulist on the one head and the poer minded, intelligent and honest men anxious for dependant on the other, received, last year, the welfare of your country wishing for the your withering condemnation, and in obedisuccess of measures and men only as their suc- ence to your wishes, has this year, been, by cess will advance the prosperity and happiness your representatives consigned to that same ancient valid where all its loathsome kindred prices at which the small quantity then for sale have been swept from time to time and-from-We do not discourse with your or any of your have been swept from time to think and story was new iring to country the manufacturing as enemies to us to our principles, or to the age to age by the votaries of freedom. Thus, throughout the country the manufacturing with the repeal of the Sub I reasury, and the villages of New England are thriving and the which—we and our tathers have derived so children Bank, out higher than formerly.

There that men may be bester educated and subsisted, and that no togenuity could set them lower the policy of the difference of the policy of the policy of the difference of the policy o

this world of ours, that all may live, and live the difficulties into which they had been brought tion as it would seem at the magninimious specby the operation of the measures of the govern tacle of a great nation at war with a private and eave themselves (the longer the worse for them Tyter persist in the course of Mr. Van Buren as it turned out;) a new experiment came, an- leave Greil Britain to answer our inquiry in her other turn of the screw, and they were crushed own good time give us such satisfaction as also beyond hope. Business was prostrated confi- in her haughtines or theoletice may change and, the same is hereby, revised and shift-corre dence destroyed, labor was unemployed, active forge his heaviest belts for the desorted head of an and able men were thrown apon the world ansignificant and miserable surject for doing

that had wrought their ruin refused them relief

In vain were their prayers in vain their appeals. The Subtreasury was yet in operation grinding them harder and finer, every day reducing the amount of money in circulation, ir creasing the dues of creditors, and the liabiliies of nebioes habilities augmenting in this fearful ratio and to which hey were to be in estrably helf. Ind all this in the name of De mocracy and by the men who were the peculiar, friends of the people tie protectors of the weak igainst the strong! Such ord I wrong, and heart be endured an abused people ground to the bia come back it in the House amended dust, worn and jided, with selections and at guments had been listened to in griming meckery, were at length aroused. Frue to the God within them, the people of this country. Benton and other opponents continued to offer twelve years hid been in possession of the that dry, and at 9 PM un adjournment prevaited, government, and accomplished nothing but un - multing effected mixed evil for the nation A new Congress faithful to the country will pass, if indeed it duced a resolution of two of at applits of the has not already passed, a bankrupt law which duties and reducing the number of Officers of has not already passed, a bankrupt law which will emancipate from a hopeless slavery hundreds of thousands of our worthy feel in citizens.

M. J. G. Floyd. A led up his resolutions.

on fellow emzcus, by your approving smiles the Representatives of your choice now laboring so indefaugably and honorably in the business to which you have called them, and fail not above being the House (dot the Senate will to crease all, to resure them by your votes in Septlember that they have your confidence and gratifude | 8 now moved that the whole bill be street for the manner in which they have attended to

to the wants of the country

A tariff will be adjusted at an early day, which, while it will enable the government to pay the heavy debt incurred by a former administration in time of peace, and defray the current expenses of the nation, will afford that just and salutary protection to our own inechanics and maculacturers which it should be the policy of every administration to secure American midustry should and will be encouraged, and our own citizens employed at home, in preference to others abroad. And for this shall not the administration be sustained is this cause for coolness or indifference. Herein, do not the whige keep their promises and prove time to the highest interest of this great country and with reference to amendments during the day

A rigid economy has been introduced Re- so as to shire the distribution. This was trenchment and reform are not only the order, advocated by Messre McRoberta, Allen, Sevier but the practice of the day Useless offices are abulished a saving of several millions annually in the government expenditures is rendered certain. In this respect alone, were nothing else gained, the change would well repay all the exertions made to effect it -

A hill has already passed the House of Representatives for the equitable distribution of the proceeds arising from the sale of the public lands, among the several States A measure which question secures to the old Staces beyond, peradventure their just share, of the public domain, a posses ion purchased by their blood and treasure. Will the State of Maine deem it good cause of oppnsilion to the administration of Mr Pyler, that under it she has secured to her beyond future controversy, her rightful proportion of that pet rimony for which her hardy pioneers Wadsworths and her Prebles fought and perilled

And now, fellow citizens permit us to inquire what exception can be justly taken to these great measures to which we have called your attention. And while we are inquiring, let us ask what promises made by the friends of the Where is the man that Gen Harrison before his election, are not performed or in progress of execution. What pledges have been broken, what faith violated? It was said there would be a change of times for the better. No one needs to be told that this prediction is already verified. We need not go to republican, and social measure, borrowed away from our own Penebecol, it fearn that all from the daspotisms of the old world, the offspring of King-craft and the instrument of tye pected could take place at an early a pariod can't which the late ad In fact Dusiness was never better labor was never in greater demand or better paid never

This scheme for locking up the people's money, were there so few idle men never so much about the course of the sountry, mutted money carned and saved in the course of single its circulation, reducing the American laboret.

As the organ, and at the request of the Democratic Whig Convention, holden at Orono, on the lith unst we related and degrading level of the Convention the difference with a quantity of lumber in the formating the rich richer and the poor poorer market vasily larger than in any former year the lith unst we related and saved in the course of source and store and the poor poorer market vasily larger than in any former year and to beliablish two classes, the land holder since 1836 you find readier sales and higher prises than ever before Had the lugiber of '41 been in the market in 1839 it would not have sold for enough to clear the stump, now with thrice the quantity in market that there was in 1839, it wells at 30 per cent advance on the was held - Wity to it? Business is improving cilizens enterprising, correct, honest men who gone tiltu active operation. We cannot yet have nation One Messa is the end of their common citizens enterprising, correct, nones included and secure prigrimage, however different the routes by sought taken how in business and secure is a set the full measure of ben fit that wilding the people of a competence for life, have by the intelliging and the measures of the people of a competence for life, have by the intelliging and the measures of the people of a competence for life, have by the intelliging and the measures of the people of a competence for life, have by the intelliging and reckless administration. What we have us but a foretaste a substitution of a competence of a competence for life, have by the intelliging and reckless administration.
